### वार्षिक प्रतिवेदन

### ANNUAL REPORT

NTM is a Government of India initiative to promote and establish translation as an industry in the country. The effort is one of the most crucial interventions of the government in higher education, enabling and empowering languages by bringing out translations of knowledge texts in 22 Indian languages. Compiling translation equivalents, dissemination of information through databases and repositories, educating translators, publication of journals, thematic volumes etc are strategies that make this effort possible. The Mission feeds into the resources for the implementation of NEP-2020.
